Words: Warren Mars 2018

Harmonised: Ralph Vaughan Williams 1906

$\text{♩} = 120$       D      Bm7

1.                      With                      heart                      and                      hand                      we                      wel - come  
2.                      We                      don't                      let                      chil - dren                      do                      all  
3.                      We                      don't                      give                      chil - dren                      e - qual  
4.                      A                      -                      dult - hood                      is                      no                      life                      of

A      A7      D                      Bm7      A      A7      D

thee,                      here                      to                      thine                      own                      ma - jo - ri - ty.                      Bid                      thee  
things,                      like                      sig - ning                      con - tracts,                      cha - ging                      rings.                      That's                      be -  
say,                      in                      how                      we                      live                      from                      day                      to                      day;                      They                      don't  
ease;                      you                      have                      res - pon - si - bi - li - ties.                      You                      must

G9      D      Bm7      E      A      D                      A7      D

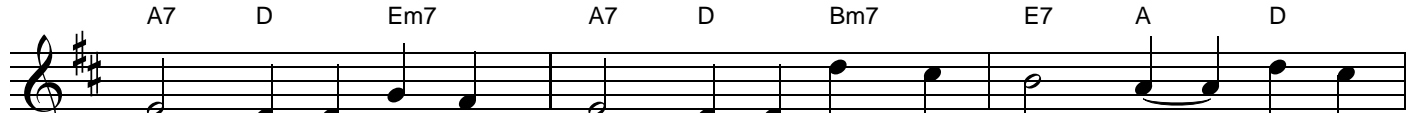

wel - come!                      Bid                      thee                      wel - come!                      You've                      had                      to                      wait                      to                      lift                      this  
cause                      they                      are                      not                      stea - dy.                      But                      now                      we                      give                      you,                      with                      a  
have                      the                      broa - der                      vi - sion.                      But                      now,                      we                      hope,                      you've                      learned                      what's  
work                      to                      make                      a                      li - ving.                      We                      did - n't                      make                      this                      coun - try

A      A7      D                      G9      D      A      G

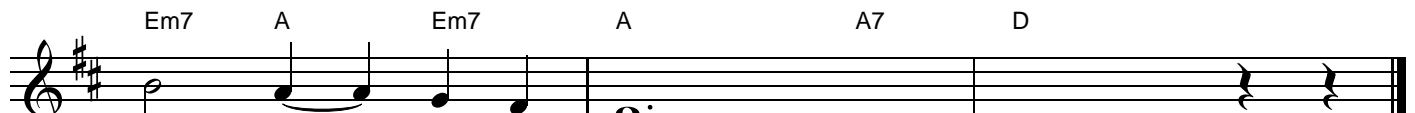

cup,                      un - til                      from                      child - hood                      you                      grew                      up.                      Now                      you've  
fuss,                      the                      same                      rights                      as                      the                      rest                      of                      us.                      That's                      be -  
what,                      and                      see                      the                      world                      be - yond                      your                      plot,                      and                      can  
great,                      re - fu - sing                      to                      co - o - pe - rate.                      It                      was

A7      D      Em7      A7      D      Bm7      E7      A      D

made                      it!                      Yes                      you've                      made                      it!                      So                      we                      wish                      you                      all                      the  
cause                      you                      are                      now                      rea - dy!                      You                      can                      drive                      now.                      You                      can  
make                      a                      good                      de - ci - sion.                      You're                      a - ware                      now!                      You                      can  
done                      by                      peo - ple                      gi - ving.                      You                      can                      help                      now;                      You                      can

Em7      A      Em7      A      A7      D

best!                      Con - gra - tu - la - tions!  
drink                      now.                      You                      can                      mar - ry.  
vote                      now!                      Stay                      in - formed                      now.  
make                      a                      con - tri - bu - tion.
